Some manufacturers include spaces in front of their barcodes which does not relate to an exact stock code within Platinum. To get around this scan the following barcodes in the order they appear this will remove all spaces from any barcodes you scan and this procedure must be followed with each barcode scanner you use.

**Enter/Exit Configuration Mode**

‽ 9 9 9 9 9 9

~ Character to Replace

‽ 9 3 8 6 0 0

Code Byte 0

‽ 0

Code Byte 3

‽ 3

Code Byte 2

‽ 2

~ Replacement Character

‽ 9 3 8 7 0 0

No Replacement

‽ 8 3 8 6 0 0
